

IN-HOME SUPPORT FOR FAMILIES

Helping you navigate parenting with confidence and care

PROGRAM DETAILS

This *free in-home support program* helps parents with children aged 0–17 navigate everyday family life with confidence. Through culturally sensitive, personalized support, the program works with you to address parenting concerns, family violence, and other family-related challenges, helping you build a safe, healthy, and supportive home environment.

What We Offer:

- Weekly home visits
- Support navigating parenting challenges and strengthening family relationships
- Guidance on positive discipline strategies and healthy child development
- Referrals to support family needs
- First language and culturally sensitive support
